

Aurubis

Since 2012

(variable stand sizes up to 40 m²)

TIMELESS GEM

Aurubis is one of the leading copper producers and Europe's largest recycling companies. In addition to a variety of products such as wires and copper bands, copper alloys for diverse uses, Aurubis also offers recycling concepts to increase efficiency.

Aurubis

Since 2012

(variable stand sizes up to 40 m²)

This stand is one of our most beautiful designs. It is simply elegant by concentrating on the essential. In this environment copper has a really great effect.

Aurubis

Since 2012

(variable stand sizes up to 40 m²)

Large white surfaces combined with gentle waves of copper – it is discreetly highlighted with the product Aurubis is working with. This concept has an enormous recognition and is also timeless. Therefore it has already proven itself for several years.

Temporary architecture for long-lasting brand success. Stand construction from Aachen for all of Europe.

Design – Planning – Realization

Our own success is closely linked to that of our customers. This is why we always focus on those factors that make our customers successful. The first and most important step in each project is to listen and to understand the goals. Good design as well as a high-quality and technically sound solution are a must.

What makes us different is that we see it as our duty to provide security for our customers. The security each customer needs, to know that his pressing tasks that are critical for success are in good hands.
